

LONG ISLAND ALZHEIMER'S FOUNDATION

Our mission is "to help improve the quality of life for those living with Alzheimer's disease and their caregivers."

September 4, 2018

Ms. Maureen Mackenzie, Dean of Business Division
Molloy College
1000 Hempstead Avenue, Rm. 103
Rockville Centre, NY 11570-1135

Dear Ms. Mackenzie:

At its heart, the Long Island Alzheimer's Foundation is about improving the quality of life for those living with Alzheimer's disease and their caregivers. So, it was with deep gratitude that we received the very kind donation of \$1,129.78.00, proceeds from Molloy College's movie night in July 2018. Thank you.

We at LIAF are so grateful to have been a part of the Capstone Project. We hope you take pride in knowing what a difference you and your students have made in the lives of those living with Alzheimer's and Dementia. Individuals suffering with this devastating disease can benefit from cognitive stimulation and enjoy dancing, music and exercise in our social adult day program. For caregivers, it means attending our caregiver support groups where they can share feelings, ideas and talk with others who share the same challenges.

Whether helping families access our day programs, in-home respite or providing compassion and resources through a simple conversation, the Long Island Alzheimer's Foundation will be there, thanks to you. And in turn, we will help individuals and families struggling with Alzheimer's find "life worth living" after the diagnosis.

Thank you for supporting us and others through the Long Island Alzheimer's Foundation.

Sincerely,

Victoria Cohen, LCSW
