*Digital Bereavement*

*One and a half (1.5) hours for Social Work CEU has been approved for this session.

**Description**

The session will provide an overview of how digital platforms are being utilized to support different options in the bereavement process.

Tools, and resources will be shared along with a demonstration with a therapist using current media forums in the mourning process.

**Objectives**

1. Define “Digital Bereavement”
2. To learn how social media is impacting options in one’s personal grieving and traditions of mourning
3. Identify new social spaces where the topics of death, loss, and mourning are increasingly experienced
