Palliative Care Conference

Across the Palliative Care Continuum: The Disciplines, The Issues and The Populations

Molloy College

Friday, May 3, 2013 • 8:30 a.m. - 3:30 p.m.
Molloy College, in collaboration with FEGS Health & Human Service and a network of community partners, is pleased to be offering its fifth Palliative Care Conference on Long Island. The conference will be held on Friday, May 3, 2013 from 8:30 a.m. – 3:30 p.m. in the Wilbur Arts Center at Molloy’s Rockville Centre campus. The agenda for the day will include a Keynote Speaker, Tara Cleary, DNP, GNP-BC, OCN, Palliative Medicine Nurse Practitioner, Long Island Jewish Medical Center, a series of topics offered during two concurrent sessions, lunch and a Closing Session with Dr. Aaron Glatt, EVP & CAO, Mercy Medical Center.

This year’s conference will focus on the new developments in this growing and dynamic field. Experts from Medicine, Nursing, Pastoral Care, Child Life and Social Work will present the latest advancements in the fields of symptom management, ethics and communication, staff self-care and bereavement. Clinicians from across the continuum will engage participants in discussions about best practices and barriers to timely excellent palliative care in hospitals, nursing homes, and hospice organizations. Professionals whose scope of practice includes children with advanced illness will have an opportunity to choose from relevant sessions in a “pediatric track”.

As always, the main objective of this year’s conference is for the participants to come away with new tools to provide professional, competent, empathetic care to patients and their families. At this year’s conference we will again provide clinicians from all disciplines with a wide variety of palliative care topics, presented by an outstanding group of speakers.

Who should attend?
The intended audience includes: Physicians, Physician Assistants, Nurse Practitioners, Nurses, Social Workers, Clergy, Psychiatrists, Therapists (including physical, recreational and occupational), Dietitians, EMTs, teachers, students and volunteers.
