

12:30- 2:00 p.m.

Concurrent Session 2H

Creatively Healing Grief In The Virtual Space

*One and a half (1.5) hours for Social Work CEU has been approved for this session.

Speaker:

Janeen Mary Chasan, MA, LCAT, ATR-BC, Art Therapist, MJHS Hospice & Palliative Care

Learning Objectives:

1. At the conclusion of this presentation, participants will be able to define what constitutes as a 'virtual space'
2. At the conclusion of this presentation, participants will be able to express the advantages and drawbacks of healing grief in the virtual space.
3. At the conclusion of this presentation, participants will be able to identify three creative techniques that can be used in healing grief in the virtual space.

Creative Experiential: There will be a creative experiential for participants to partake in that utilizes visual art making and creative writing.
