Nursing Contact Hours: Molloy College, Continuing Education Department, is an approved provider of continuing nursing education by the New Jersey State Nurses Association, an accredited approver by the American Nurses’ Credentialing Center’s Commission on Accreditation. 2.0 Contact Hours for the program will be awarded. Participants must remain for the entire program in order to earn a contact hour certificate. Unless noted above, the faculty speaker/planners have no financial interest or other relationship with the manufacturer of products or providers being discussed.

Educational and Performance Improvement Objectives
Upon completion of this educational activity, participants should be able to understand:
• Various treatments for metastatic prostate cancer
• Side effects of hormone therapy for prostate cancer
• Potential complications of metastatic prostate cancer
• Different radiation therapy techniques for prostate cancer
• Side effects from radiation therapy
• Epidemiology of low risk prostate cancer
• Barriers to active surveillance
• Patient selection for active surveillance

Accreditation Statement: This activity has been planned and implemented in accordance with the Essential Areas and Elements of the Accreditation Council for Continuing Medical Education (ACCME) through joint sponsorship of Memorial Sloan Kettering Cancer Center (MSKCC) and Molloy College. MSKCC is accredited by the ACCME to provide continuing medical education for physicians and takes responsibility for the context, quality and scientific integrity of this CME activity.

Target Audience: This course is directed towards physicians, nurse practitioners, physician assistants, and nurses.

CME Credit: MSKCC designates this educational activity for a maximum of 2.0 AMA PRA Category 1 Credits™. Physicians should only claim credits commensurate with the extent of their participation in the activity.

Disclosure: MSKCC relies upon faculty participants in its CME Program to provide educational information that is objective and is as free from bias as possible. In accordance with the nationally accepted guidelines, faculty is asked to indicate any commercial relationship that might be perceived as a real or apparent conflict of interest.
