Molloy College
Summer Music Institute

Frequently Asked Questions

My child is a beginner or is in their first year of playing. Is this program right for them?
The Molloy College Summer Music Institute is an enrichment program that is designed for students
who have been studying their instrument for a few years and/or have the ability to play at a
NYSSMA level III or higher.

Do you provide transportation?
Students must provide their own transportation to and from the Molloy College Summer Music
Institute.

Do you provide instruments?
With the exception of large percussion equipment (Mallet Percussion, Timpani, Drum set) and
pianos, Molloy College does not provide instruments. Percussionists must provide their own sticks
and mallets.

Do you provide snacks or meals?
Due to the short duration of our daily programming, we do not provide meals.

I'm not able to attend the Open House. Who can I contact to discuss the program?
Please contact the Music Department Office, 516-678-5000 ext. 6192.

Who will be teaching this program?
Highly qualified and experienced musicians/teachers. Teacher bios will be posted on the website in
the near future.

How do you organize individuals into groups?
We will organize groups based on musical ability and experience based on the application form and
teacher recommendations.

Can I get a Scholarship or Financial Aid for this program?
Sorry, no we don’t offer any aid. This program, unlike some of our other programs, is not
underwritten by any grants, endowments or government aid. We depend entirely on tuition to
cover our costs. We try to keep our tuition cost low for all the participants in the program. If we
were to offer scholarships in this program we would need to raise the tuition in the program to off-
set the cost of the scholarships and that is not something that we would like to do, especially in
these tough economic times.

What is the dress code?
Students are allowed to wear shorts and casual summer apparel.

Can I attend for less than the four weeks offered?
No, sorry.
