Dear Parent and Student:

You know how important Regents exams are now that they are required for high school graduation in New York State. Regents exams are also counted toward final course grades.

Our course instructors are highly qualified, certified, and experienced high school teachers. Topics are thoroughly reviewed and the latest Regents exams are used for practice. Small classes allow teachers to provide individual attention to every student. Classes are completed in time for the June 2012 Regents exams.

Why hire a private tutor when you can benefit from our effective program at just a fraction of the cost? Urge your student to enroll today because classes fill quickly.

Cordially,

Louis J. Cino, Dean
Division of Continuing Education and Professional Development
