

## Engaging the Learner with Games

Course Number: EDU 5900 Section: 37  
(3 graduate credits, Tuition: \$900)

July 20 – 23, M - Th; 8:00 a.m. - 4:00 p.m., Suffolk campus

This class has been created for teachers to maximize teaching and learning, by making it an engaging and exciting experience. Explore a variety of classic games, such as card games and board games, in non-electronic form. As well as online and other electronic games. Who doesn't love games? Games spark interest, enthusiasm for learning and help students to remember what was learned. The overall objective should be to help each child to understand concepts, enabling them to become more confident with the material. What better way to do that than through educational games. **(This class is applicable to all disciplines & grades)**

Instructor: **Melissa Torre** is a High School Earth Science & was a Middle School Physical Science Teacher on Long Island. She has her Masters in Special Education & Undergrad in Geology & Elementary Education. She holds NYS certifications in Earth Science, Special Education, & Elementary Education. She also was the Suffolk County STANYS (Science Teachers Association of NYS) Earth Science SAR (Subject Area Representative) and has been awarded the Nassau County STANYS Outstanding High School Science Teacher Award & the STANYS Fellows New Teacher Conference Award
