

EDU 5900 Advanced Practices for The Already Tech Savvy Teacher
Online: May 9-20, 2022
Molloy College
Jessica Ryan
JRyan3@molloy.edu

How can we use technology as a tool to bring content to life? With the world at our fingertips, teachers have endless possibilities to motivate students. Here, we will work to find the right tools to inspire creativity, assess students, enlighten young minds, and even virtually explore the world. It's time to redesign our lessons with student engagement being the top priority!

*Taking the "Tech Savvy Teacher of Today" course prior to this class is recommended, but it is not required.

The course will be offered online through Canvas, our online course system. You will need to become familiar with [Canvas](#).

- Log-in using your Molloy e-mail username and password
- Click the "Courses" tab (top left-hand side of the page) & select: "Advanced Practices for The Already Tech Savvy Teacher" in the drop-down menu
- **Log-in prior to the course just to ensure that your account has been set-up properly!**
- Take the [Canvas Student Tour](#) or visit the [Canvas Student Quickstart Page](#)

Dates & Times to Remember:

While an online course gives you the flexibility to complete the work when it is most convenient for you, please remember you must participate in this online discussion. The questions will be posted in Canvas prior to the discussion.

- May 10th at 8:00PM Twitter Chat #MCtechsavvy2

Assignments:

The assignments and due dates are all posted on Canvas.

All assignments must be completed by February 19th at 9:00PM! Keep in mind that for the last Module (Reflection), you will be writing about items that you created during the other modules.

Grading:

80% Module Assignments

Students are expected to participate by responding to the instructor and classmates with quality responses. You are encouraged to share resources and ask questions!

20% Reflection Submission

Any assignments submitted after the allotted due date & time will have a point deducted for each day it is incomplete.

I look forward to working with you and guiding you through some technology resources for the classroom! If you have any questions or concerns, please e-mail.

Netiquette:

Netiquette is a set of rules for behaving properly online. Something about cyberspace makes it easy for people to forget that they are interacting with other real people. The following bullet points cover some basics to communicating online:

- Be sensitive to the fact that there will be cultural and linguistic backgrounds, as well as different political and religious beliefs, plus just differences in general.
- Use good taste when composing your responses in Discussion Forums. Swearing and profanity is also part of being sensitive to your classmates and should be avoided. Also, consider that slang can be misunderstood or misinterpreted.
- Don't use all capital letters when composing your responses as this is considered "shouting" on the Internet and is regarded as impolite or aggressive. It can also be stressful on the eye when trying to read your message.
- Be respectful of others' views and opinions. Avoid "flaming" (publicly attacking or insulting) them as this can cause hurt feelings and decrease the chances of getting all different types of points of view.
- Be careful when using acronyms. If you use an acronym it is best to spell out its meaning first, then put the acronym in parentheses afterward, for example: Frequently Asked Questions (FAQs). After that, you can use the acronym freely throughout your message.
- Use good grammar and spelling.

Technical Support:

- *Canvas Support* is accessed through the HELP feature in the lower left hand corner of Canvas. You can either call Canvas at (844)408-6455 or use the online chat feature and both services are available 24 hours 7 days a week.
- *Technology Support Services* is located in Kellenberg 022 and can be reached via phone: 516.323.4800, email: helpdesk@molloy.edu or twitter: @molloyTSS
- *The Information Commons* is located on the second floor of Public Square and can be reached at 516.323.4817 or email: slewis2@molloy.edu
Check their website for hours: <http://www.molloy.edu/tss>
- Check within the modules for FAQ for each of the technology tools being used.

Communication Procedures & Contact Hours:

I look forward to working with you and guiding you through some technology resources for the elementary classroom! If you have any questions or concerns, please e-mail JRyan3@molloy.edu. I will respond within 24 hours.
