Academic Support Services provides a team approach to assisting students with appropriate individualized advisement, writing skill development, academic tutoring, special services for those with disabilities, or help for students potentially at risk.

As expressed in Molloy College’s mission statement: “The College provides a value-centered educational experience which enhances intellectual, ethical, spiritual, and social development.” Academic Support Services focus on individual academic goals and seeks to empower students to achieve those outcomes.

In striving towards excellence, Molloy College maintains a close relationship with students who begin to learn early that they will be provided with support required to reach their potential.

**Academic Enrichment Program** *(AcE)*

Kimberly Havens, MS Coordinator
Casey Center, Room 019
(516) 323-3451
aceprogram@molloy.edu

The Academic Enrichment Program (AcE) assists students in achieving their academic potential in math, science, and modern languages.

Assistance in other disciplines is provided according to the individual student’s eligibility.

Sessions are:

- scheduled on an appointment basis
- provided by professional, graduate or peer tutors
- conducted one-on-one or in small groups
- scheduled for one or two hours a week, two courses per semester

If you are interested, obtain an application from the AcE Office or the printable form on the AcE webpage, and schedule an interview with the Program Coordinator.

**Disability Support Services/Success Through Expanded Education Program** *(DSS/STEEP)*

Cari Rose-Tomo, MS Coordinator
Casey Center, Room 011
(516) 323-3315
crosetomo@molloy.edu or dss@molloy.edu

DSS/STEEP provides services and reasonable accommodations to ensure equal access to all aspects of college life for students with disabilities.

- arrangement for accommodations
- assistance with schedule preparation
- individual sessions for development and enhancement of self-advocacy, study skills, and time management, as needed
- weekly discussion group

Who qualifies?

Any Molloy College student with a documented disability or chronic illness

**Writing Center**

Pamela Kenley-Meschino, MA Coordinator
Casey Center, Room 016
(516) 323-3293

The Writing Center supports the development of writing skills for Molloy College graduate and undergraduate students.

Professional consultants provide both one-on-one and small-group assistance in developing various skills including:

- understanding an assignment
- planning and organizing a paper
- reviewing for correct grammar
- developing an academic voice
- using documentation styles correctly

If you are interested, drop by or phone (516) 323-3293 for an appointment.

*****

DSS/STEEP seeks to balance students’ right to equal access with our obligation to protect the integrity of Molloy College. Students with disabilities are held to the same standards as students without disabilities. Changing the course content or lowering the academic standards are NOT accommodations.
