Dear Dr. Mackenzie,

Once, again, I must thank you for allowing Paths of Hope (PoH) to work with the Molloy College Graduate Business Capstone class and, in particular, the MKSJ Consulting Group.

Their incredible accomplishments in just seven weeks developed a plan for Paths of Hope's internal organization aimed at enhancing our efficiency and focusing on sound management processes. Additionally, they outlined and prepared our legal, financial requirements ensuring our full compliance with the federal regulations for non-profit organizations.

In an effort to spread awareness of PoH's mission and work, Margaret, Kanav, Michael, Joanna, & Stacy provided us with numerous social media strategies to expand and maximize our exposure which will no doubt lead to the acquisition of new donors. I believe we can benefit immediately from their advice of hiring a consultant to manage PoH's social media presence and execute their many suggestions.

Their outstanding and engaging presentation, depth of knowledge, and their understanding and sensitivity to the PoH Board's lack of business acumen once again demonstrated the Molloy Mission and dedication to the 'Four Pillars of Dominican Life'. I know this is in no small way due to its faculty, as well as its students.

Personally, I cannot thank you enough for allowing Paths of Hope to participate again in this remarkable Capstone program.

On behalf of Paths of Hope, our best wishes,
