Artistic and Musical Director: Michael Dadap
Executive Director: Yeou-Cheng Ma

What is your Specialty?
Do you want to learn how to choose material that will leave a lasting impression? Be able to explore text for deeper meaning, and communicate directly with an audience. Each student will get to work with Broadway Choreographers, performers and directors. Be able to come away with a deeper connection to the material and more confidence on stage as a performer, that will be extremely helpful for auditions. Song selections ranging from Broadway tunes to pop hits are tailored to each student showcasing their unique talents.

Showcase performances will be on the final Saturday of the program with other performance opportunities with the music students.

Artistic Directors: Angelo Fabroni and David Hibbard
Classes are M-F 9 a.m. - 3 p.m.

Our Mission
is to train our students to become first-class performing artists. We help cultivate talents in a wide range of orchestral and musical disciplines to better prepare attendees for a versatile professional career.

Students will study a variety of musical forms for orchestra including classical, chamber, music for dance, Broadway and movie scores. Full orchestra, chamber music, sections, private and sight reading with master classes, workshops in orchestrations, conducting for dancers and singers, and chamber music. Performance opportunities include weekly Chamber and orchestral showcases, a final student concert and a combined concert with the Musical Theatre intensive students. Students will also perform side by side in Concert with a professional orchestra ensemble.

Artistic Directors: Michael Dadap & Yeou-Cheng Ma
Classes are M-F 9 a.m. - 3 p.m.
