

MOLLOY COLLEGE
The Barbara H. Hagan School of Nursing and Health Sciences

Clinical Learning Center

Remediation Procedure

1. Remediation forms are available in the Clinical Learning Center (CLC) in Hagan Room 103 or available to download on the CLC website. Verbal requests for Remediation (on behalf of Faculty) cannot be accepted.
2. Immediately upon receiving remediation form from Faculty, student must contact the CLC Lab Director, Mary Lane at 516.323.3750 or Assistant CLC Lab Director, Susan O'Hara at 516.323.3761 to schedule an appointment on campus where remediation will take place.
3. Faculty must clearly identify the need for remediation of psychomotor skills and the measurable activities required to meet that need.
4. Remediation will be completed within one week of the Faculty request.
5. Once the remediation is completed, the student will receive a copy of the referral form and accompanying lab attendance form to be returned by student to faculty. The original Referral form remains in the Remediation binder in the CLC.
